

LINE

```
graph TD; A[LINE] --> B(Normalize); B --> C[LINE];
```

A vertical flowchart with three components. At the top is a blue rectangular box with the word 'LINE' in black. A black arrow points down from this box to a white rounded rectangular box in the center containing the word 'Normalize'. Another black arrow points down from the 'Normalize' box to a yellow rectangular box at the bottom, also containing the word 'LINE'.
