

LINE

```
graph TD; LINE[LINE] --> FirstPoint[First POINT of LINE]; FirstPoint --> Point((Point))
```

A vertical flowchart with three elements. At the top is a blue rectangular box with the word 'LINE' in black. A black arrow points down from this box to a white rounded rectangular box in the middle containing the text 'First POINT of LINE'. Another black arrow points down from this middle box to a yellow circular box at the bottom containing the word 'Point'.

First POINT of LINE
